

BESSEY Edge clamp type 5098

Design: Spindle with trapezoidal thread, burnished. With bracket for fixing to all standard screw clamps with max. slide rail cross section 13 x 45 mm. With mobile pressure plate and wooden handle.

Application: For the simple glueing of head rails and lipping (when used with standard screw clamps). In addition, it is ideally suited to the stabilising of clamps with very large jaw widths.

Description	Article
Edge clamp KT 2 spindles	14590683
Edge clamp KT5-ICP 1 spindle	12103945
