

FORMAT Solid steel gluing clamp type 5134

Design: Slide rail, fixed bracket and pressure plate manufactured from one piece of structurally optimised, cold-drawn profile steel. Mobile bracket made of forged, galvanised zinc-plated heat-treatable steel, smooth-running spindle with rolled, cold-twisted, burnished trapezoidal thread, and with mobile pressure plate.

Application: Flexible clamping for the sensitive holding of items. For high clamping forces with low tool weight.
