

EWELLIX Shaft support without mounting holes series LRCC

LRCB/LRCC shaft supports to fit open type linear ball bearing units (ISO series 3). For heavily loaded linear bearing units and/or long track lengths, we recommend the use of shaft supports to eliminate shaft bending. For these applications, continuous or at least partial support of the shaft is necessary. LRCB/LRCC offers shaft supports for shaft diameters ranging from 12 to 80 mm. There are two types of shaft support: the LRCB with predrilled holes and the LRCC without holes. Note: Shaft supports require the use of open design linear bearing units. To be mounted at the shaft for unlimited axial stroke. Supplied with mounting holes in 600 mm standard length.

Characteristics

Series: LRCC

With drilled holes: No

Material: Aluminium

Manufacturer ID	Shaft diameter mm	Length mm	Shaft height mm	Width mm	Article
LRCC 12	12	600	22	40	23773356
LRCC 16	16	600	26	45	23773357
LRCC 20	20	600	32	52	23773358
LRCC 25	25	600	36	57	23773359
LRCC 30	30	600	42	69	23773360
LRCC 40	40	600	50	73	23773361
LRCC 50	50	600	60	84	24024992
LRCC 60	60	600	68	94	24024993
LRCC 80	80	600	86	116	24024994
