

SKF Pillow block housing Series: SNL 30

SNL plummer (pillow) block housings in the 30, 31 and 32 series are robust and suitable for tough operating conditions. Different housing variants and seal designs are available, making the use of tailored housings virtually unnecessary and enabling cost-effective bearing arrangements to be made.

The plummer block housings, often referred to as “large SNL plummer block housings”, are split housings. They have four holes cast into the base for attachment bolts.

Large SNL plummer block housings are primarily intended for spherical roller bearings and CARB toroidal roller bearings.

Large SNL plummer block housings as standard are made of grey cast iron EN-GJL-250. Where extra strength is needed, housing made of spheroidal graphite cast iron EN-GJS-400 can be supplied. These housings are identified by the designation prefix D, i.e. SNLD.

Characteristics

Series: SNL 30

Manufacturer ID	Outer dimension bearing mm	Length mm	Height mm	Shaft height mm	Centre distance of mounting holes mm	Housing material	Article
SNL 3036 G	280					Grey cast iron	13530223
SNL 3036	280	510	333	170	430	Grey cast iron	12111790
SNL 3038	290	530	353	180	450	Grey cast iron	13220686
SNL 3040	310	560	375	190	480	Grey cast iron	24004467
SNL 3044	340	610	411	210	510	Grey cast iron	23226957
SNL 3044 G	340					Grey cast iron	13530224
SNL 3048	360	640	434	220	540	Grey cast iron	23769813
SNL 3052	400	700	474	240	600	Grey cast iron	13200992
SNL 3056	420					Grey cast iron	13530225
