

PRESSOL Mobile lubrication system series 18 400/700

Compressed air lubricating equipment

Design:

Mobile with trolley, with air motor and pump. The pressure transmission is 50:1, with 360° full-joint, high pressure grease gun, nozzle tube and mouthpiece, 2 m high-pressure hose, and sequencing plate. 6 mm compressed air hose connection. Volume capacity: 1100 g/min

Application:

For lubricants up to consistency class 2 according to NLGI and at low temperatures. For use with compressors with 80 l/min and more at a recommended air pressure of 8 bar.

Characteristics

Type: 18 766 051

Description	Article
Compressed air lubricating equipment for buckets 10kg	23429798
Compressed air lubricating equipment for buckets 15kg	23167004
Compressed air lubricating equipment for buckets 25kg Compressed air lubrication system for 25kg/bucket	23179902
Grease system FB-WA (17 008) 50-kg-BE-335-385mm-4-m	23179904
