

SKF Grease pump series LAGG

- SKF manual and air-operated grease pumps are designed to supply large amounts of grease. This is useful when large housings have to be filled or when numerous points have to be lubricated. They are also suitable for topping up centralised lubrication systems reservoirs. Full range: pumps available for 18, 50 or 180 kg grease drums
- High pressure: maximum of 420 bar (6 090 psi) for air-driven models
- Reliable: tested and approved for SKF greases
- Easy and ready to install
- 3,5 m (11.5 ft) of tubing included

Characteristics

Series: LAGG

Description	Article
Air-operated grease pump for 180kg drums stationary LAGG 180AE	23766539
Air-operated grease pump for 18kg mobile LAGG 18AE	23766540
Air-operated grease pump for 50kg drums stationary LAGG 50AE	23766546
Manual grease pump for 18 kg portable LAGG 18M	23766541
